

How We Chose Our Focus Partnerships

As we looked at the large number of incredible outreach opportunities that St. Andrew housed we realized that there was a need to focus. In order to live up to our mission to be outwardly facing Christians we needed to define our goals.

We wanted to ensure that if someone asked, “What does St. Andrew care about?” everyone who walked through the door would be able to articulate that. As we evaluated our shared beliefs, we realized that we are passionate about social justice, homelessness, and poverty.

Each of our focus organizations provide hands on, intergenerational service opportunities for you and your family to be a part of. We have found organizations with a wide variety of commitment levels ranging from simple donations to daily service.

We hope that you will find one that fills your soul, challenges you to want to better your community, and one that you are energized & inspired by enough to help tell the story of.

If one of our five Focus Partnerships doesn’t call to you, or if you want to take part in a variety of causes, we have included several other opportunities to serve. We hope that you will reach out, build community, and work together to make the world a better, more loving place.

Habitat for Humanity

At Habitat for Humanity, we build. We build because we believe that everyone, everywhere should have a healthy, affordable place to call home. More than building homes, we build communities. We build hope and we build the opportunity for families to help themselves. Your donation will help families break the cycle of poverty and build long-term financial security. With an affordable, stable home, families have more to spend on food, medicine, child care, education and other essentials. We are building in Littleton at the Sheridan Square Development and as we build we look forward to partnering with the school in the area to support their students and families as well.

Board Blessing – All ages. Builds – 16+
